Address Conference

Keynote Speaking Opportunity (Platinum)

All topics are vetted through the advisory board for interest levels, relevance, commercial message and appeal.

The Fusion advisory board works closely with Platinum sponsors to develop a session through which your organization can display its knowledge and expertise at an executive level. Not only do you have the opportunity to present in front of the Fusion audience, but you also benefit from interaction with executive advisers who help you refine and target your message.

Your audience is far more sophisticated than you may think; when they attend your session they do not want to be sold to, lectured or, worse still, patronised.

These are not to be used as sales presentations and slides (if used at all) will be limited to 10.

Strategic Briefings on March 4th – (Platinum, Gold and Silver)

All topics are vetted through the advisory board for interest levels, relevance, commercial message and appeal.

On March 4th meet with a group of senior-level attendees from end-user organizations (at least 20 attendees). This briefing will open up a two-way strategic dialog between you and key attendees and allow you to further demonstrate your expertise. Your presentation should not exceed half the time to allow for the last half to be CIO dialog.

These are not to be used as sales presentations and slides (if used at all) will be limited to 5. In the past, the most well-received presentations had no slides at all. Your audience is far more sophisticated than you may think; when they attend your session they do not want to be sold to, lectured or, worse still, patronised.

The advisory board will vet your presentation and topic for relevancy and commercial messaging.

Vendor/Sponsor attendance is limited during other company sessions due to seating availability.

Platinum & Gold - 40 minutes
